Lesson 12

(March 22, 2020)

Doing Justice

Scripture: Micah 3:1-2, 9-12; 6:6-8

Prophets are charged by God to tell the truth regardless of the personal cost. It is stated in our lesson that prophets were a part of the governmental structure. Would it be difficult to tell the truth while eating at the king's table?

In our focus verse, Micah tells his listeners to "love mercy." What does loving mercy look like at a societal level? How does one incorporate loving mercy into the healthcare or criminal justice systems?
