Lesson 8 (May 24, 2020)

Do the Right Thing

Jeremiah 22:1–10

God's word to the people is a reminder that those who are dead no longer know the trouble of this world. It reminds us to be forward-looking in our disposition. Write in your journal what you need to leave behind and that on which you need to focus.

God judges Zedekiah and Judah through the words of Jeremiah. We are not royalty that command governments nor do we have the ability to wield large political decisions, but what does judgment look like in a personal context?

Why do the alien, orphan, and widow matter so much to God? Find scriptural references that support your position.
